Reference: Government Resolutions P.W.D. Nos.EST 2253 and NS 109/5275, dated 15-1-1953.

2. The following two scarcity works and the temporary staff as shown against them have been sanctioned for the Dharwar Irrigation Division in this Circle up to the end of August 1953, please vide Government Resolutions quoted above.

2.	Constructing the proposed Tank at Kudrihal, Taluk Ranebennur	2 Nos	8 Nos	

3. The above works are not likely to be completed in all respects by 31st August 1953. It is, therefore, necessary to continue these works and the temporary staff sanctioned therefor, at least for a further period of 2 months i.e. upto end of October 1953. It is likely that the work of improvements to tank at Agadi may be completed earlier than 31st October 1953, in which case, the staff will be disbanded earlier.

4. In the circumstances, it is requested that Government may please be moved to sanction the continuance of the above works and staff upto 31st October 1953. I am, however, permitting the Executive Engineer to continue the staff beyond 31-8-1953 in anticipation of Government approval, in case Government orders are not received in time, which may please be approved.

meeting held in

against an estimate of 1.62 lacs for Agadi. expenditure of 1.24 lacs has been incurred till end of July. In addition a fortnight expenditure has been of the order of Rs 13,000 By August end work of Rs 12000 would remain. I could see only 2 overseers and 8 workers at the centres. There is no one even for a single overseer. Work of this nature if to be posted for the ordinary staff is complete.

(In Mundrital, the estimate roughly (lac) an expenditure of 1.64 lacs has been incurred till end of July. Fortnightly expenditure is Rs 18,000 roughly. By August it is quite likely expenditure would be reaching double of the rough estimate. By August 2 lacs No continuation of staff for completing the work appears necessary.

Scarcity works in Bombay State:

Government of Bombay.
Public Works Department.
Resolution No:EST 2253.
Council Hall, Poona,
28th August 1953.

RESOLUTION OF GOVERNMENT

In connection with the question of continuation of scarcity works and the staff employed therefor beyond 31st August 1953, Government is pleased to issue the following orders:-

(a) Where specific cases of staff or works are decided sanctioning further extension beyond 31st August 1953, no further orders are necessary.

(b) In other cases where

i) works financed from Government of India loan are not complete, or
ii) works financed from State funds are not at safe stage,

present staff should be continued for one month, in the first instance, and proposals should be submitted to Government in Public Works Department through the Superintending Engineers concerned immediately as to -

(i) agency for completion of Government of India works; and for completion/alternatively safe stage of State works;

(ii) staff requirement based on that agency, and

(iii) period for termination.

(iv) estimated cost approximately

Agency may be: Contract or departmental.

Departmental wage rates may be: Scarcity - 25% as at present so far and so long as feasible.

(c) In all cases where works are already terminated, but accounting with stock arrangement (especially tools and plant delivery), is yet pending, present staff should be continued up to a month and staff retrenched progressively in that period so as to keep the minimum to meet requirements. This applies specially to metal breaking and road works, and may apply in some other cases also.

(d) No new works on account of scarcity should be taken up hereafter; no new workers should be accepted for scarcity relief. Clear notices should be published at the works and in the offices concerned that further continuance of works after 31st August 1953 in Kharif areas and 15th September 1953 in Rabi areas would be subject to orders of Government in Public Works Department and Public Works Department rules and scarcity operations as such would cease from the dates mentioned. In this connection attention is invited to the orders issued by

Subject:- Scarcity works at Agadi and Kudrihal.

Reference: This office letter No. G.R.36, dated the 9th June 1953.

The Collector of Dharwar has, in his letter No.F.A.M.96 dated the 17th August 1953, asked the Executive Engineer, Dharwar Irrigation Division, Dharwar, to close all the scarcity works which are even in progress during the current year. Accordingly the two scarcity works at Agadi and Kudrihal which are in progress in the Dharwar Irrigation Division will be required ~~to~~ to be closed as stated by the Collector. Funds required for these two works during 1953-54 have been shown in the statement submitted to Government with this office letter referred to above and it is essential to continue these works to completion from irrigation point of view to avail of the benefits of funds already spent on these works. In the meantime the works in question have been allowed to continue to completion pending orders of Government. This may please be approved.

Subject:- Scarcity works in Bombay State.

I am directed to invite your attention to Government Resolution, Public Works Department, No. EST 2253, dated the 28th August 1953 and to state in view of the financial stringency the expenditure on all inescapable or necessary new services, not specifically provided for the budget estimates is required to be accommodated within the current year's sanction grants. The additional expenditure on account of the special establishment sanctioned for scarcity works under the heads "18- Other Revenue Establishment, etc." and "68- Construction of Irrigation, etc." should therefore be accommodated as far as possible from your current year's sanctioned grants under those heads of accounts. The suitable re-appropriation of funds based on actual requirements may be submitted to Government in due course for approval.

2. As regards funds required under the head "54-A-Famine Relief.....
